I recieved a phone call today from Dennis Jorgansen. Interstate Rock is no longer a company (I had heard rumors last fall that they had filed bankruptsy). As a result, Dennis will be taking over the Box Elder County Operations. I instructed him to file a transfer form for each operation.

permits that will be transferred are:

- S/003/055 - Clarks Basin
- S/003/060 - Greanpeak
- S/003/062 - Greanpeak-Dovecreek Mill
- E/003/033 - Clarks Basin Exploration Project.
